Zeeland Little League is scheduling a trial run for a **Continuous Game at this event. This means we will keep one score for the entire schedule and we will rotate teams every hour without stopping. This is a fun, long game in hopes that this will lead us to a future 24-hour continuous game. Our dream is to compete for the "Guinness Book of World Records" longest continuous game. The current record is 70 hours 9 minutes and 24 seconds. Hope to see you all there.*
